

Libby Gill Speaker Intro

Executive coach, leadership expert, and award-winning author, Libby Gill guides leaders across the globe to inspire purpose, drive performance, and create hope-driven cultures.

Libby began her career as a talking Christmas tree at a local mall, a tap dancing bear at Knott's Berry Farm, and as the hand model for Fancy Feast cat food. After deciding that this was not a sustainable career path, she went into corporate entertainment, heading communications for Sony, Universal, and Turner Broadcasting.

Now, an executive coach and leadership consultant for nearly 20 years, Libby's clients include Acura, Bank of America, Capital One, Disney, Great Clips, Ernst & Young, Honda, Intel, Microsoft, Viacom, and many more.

A former columnist for the Dallas Morning News, Libby is the author of six books. Her latest book is *The Hope-Driven Leader: Harness the Power of Positivity*, followed by *Leadership Reckoning* in 2021.

Please welcome Libby Gill.
